

55 Gallon Aquarium Stand with Hood

This 55 gallon standard size aquarium stand has two large swinging doors for ample storage of equipment and supplies for easy care of fish, turtles, reptiles, and any other creatures of this habitat. Inside shelves can be built to specification with an optional back for cable running. The hood has a half deep, tank long hinged door to easily access standard aquarium hood openings for easy feeding. The hood can also be notched to specification for filter and water heater access. The top face is also optional to be completely open.
